

BRANVERTIA

Study Guide

9 . 10 . 11
OCTOBER

Introduction

Branvertia is a 3-round brand-building category. Delegates are given a product on the spot and take it from a social media launch to a video ad to a live stall and sales pitch. The same product is used in all rounds, so delegates need to keep their brands consistent.

Delegate Cap: 2–3 per team in every round.

Scoring: Round 1 + Round 2 scores carry forward and make up 60% of the final score. Round 3 makes up the other 40%.

Round 1: Social Media Creation

Delegates are assigned a product just before the round and must build an Instagram page for it. Canva, Photoshop, etc., are allowed, but no AI.

A laptop is advised. The page must include:

- Brand name: used as the Instagram handle
- Logo: used as the profile picture; must clearly state the business name
- Bio: relevant and well-structured
- Posts: max 3 posts that combine to form one picture on the profile grid, with information about the product

Submission:

Upload screenshots of your page to the drive shared in the Category Drive Link shared in the WhatsApp group.

Judging Criteria:

- Aesthetics /10
- Creativity /10
- Commodification: how well the product is marketed /10

Note:

- Plagiarism, use of AI, or offensive content means immediate disqualification.
- Stick strictly to the time window (delegates are not allowed to make modifications after the round ends).
- Pages must be complete before the presentation begins.

Round 2: Short-Form Advertisement (Elimination Round)

Delegate Cap: 2-3

Presentation (45min) | 55 marks (+30 from Round 1)

Using the same product, delegates will produce:

- A 1-2 minute Instagram reel ad for the product (Minimum: 1 minute, Maximum: 2 minutes)
- Interactive videos with 2 other delegates (not from the same delegation), who test the product and give their opinion on it.

Post everything on your Instagram page and submit it to the WhatsApp drive. The ad, interactive videos, and your Round 1 page are then screened for the judges, and you get up to 2 minutes to explain your creative and strategic decisions (e.g., USP, target audience). Top teams advance to Round 3.

Rules:

- Minimum 480p.
- All footage must be self-shot: no stock footage, AI-generated video or third-party clips.
- No plagiarism of music, visuals or scripts.
- Everything must be uploaded within the time limit.

Judging Criteria:

- Advertisement /20: cinematography, editing, sound design, creativity /5 each
- Interactive videos /15: brand alignment, editing, creativity (5 each)
- Explanation of Instagram page and strategic decisions /20
- Round 1 carry-forward /30

Round 3: Stalls & Sales Pitch

Delegate Cap: 2-3

Setup: 1 hour

Interaction: 10 minutes | 40 marks (+ Rounds 1 & 2 scaled to 60)

Stall locations are assigned after Round 1. Delegates set up a stall in 1 hour using their own materials (banners, samples, printed items, etc.). The stall should be visually appealing, creative and reflect the brand identity from earlier rounds. Judges then visit as customers. Each team gives a pitch of up to 2 minutes and answers questions. The pitch should cover:

- What the product is
- Its purpose and features
- Why the consumer should choose it
- Any unique selling points or branding elements

Rules:

- Setup beyond 1 hour is penalised.
- All materials must be brought by the team.
- Pitch limit is 2 minutes.
- Copied/plagiarised designs score 0 for visual criteria.
- Offensive material means immediate disqualification.

Judging Criteria:

- Creativity and innovation /10
- Visual appeal of stall /10
- Brand alignment with Rounds 1 and 2 /10
- Pitch /5
- Time management /5
- Rounds 1 + 2 carry-forward: 85 marks scaled to 60

Final score: 100.
